

Part 1 - Terminology

Using your notes or textbook, Define the following Key terms:

1. **Water**
2. **Cohesion**
3. **Adhesion**
4. **Polar molecule**
5. **Non-Polar molecule**
6. **Surface tension**
7. **Capillary action**
8. **Specific heat**
9. **Hydrogen bond**
10. **Covalent bond**
11. **Density**
12. **Meniscus**
